SOLUZIONI FOODSERVICE

Our 9cm diameter stainless steel mesh strainer is the perfect ally for your professional kitchen. Designed to easily drain any type of food, its carefully woven mesh ensures precise filtering, maintaining the perfect consistency of your dishes. The attachment of the mesh to the body of the strainer is impeccably finished thanks to a strong and durable welding, ensuring you have a long-lasting and high quality tool. Versatile and practical, the strainer is ideal for different uses in the kitchen, adapting to fast paces without ever compromising the quality of your preparations. An indispensable item for aspiring chefs and expert cooks.
