SOLUZIONI FOODSERVICE

Discover your new ally in the kitchen: our mesh strainer, made of solid stainless steel, with a diameter of 12 cm. The dense and resistant weave of the net is designed not only to drain food perfectly, but also to resist over time. Every detail is carefully taken care of, from the welding to the body of the utensil, refined and robust, to the multiple uses that make it an essential accessory for a cutting-edge kitchen. Whether fast or traditional, your kitchen deserves suitable tools to guarantee the best quality of your food preparations.
