SOLUZIONI FOODSERVICE

Made with stainless steel, our mesh strainer promises you maximum strength and durability. The ability to drain food effectively is guaranteed by the dense weave and robust welding. With a diameter of 14 cm, it is the ideal complement for a modern and dynamic kitchen, without compromising on the quality of the preparations. This tool is proposed as a concrete answer to the needs of sieving and draining, adapting to multiple uses. Sturdy and durable, a true ally in your daily kitchen.
