

STAINLESS STEEL FORK WITH TWO PROPS cm.3,5x11x52,5

SOLUZIONI FOODSERVICE

This professional two-pronged fork cannot be missing from your kitchen! Miracles happen when design and functionality are combined with Aisi-304 stainless steel, the result is a unique product, created to stand the test of time. The handle, 40 cm long and curved at the end, offers a firm grip and allows you to hang the tool when not in use. The total distance is 52.5 cm, perfect for handling your dishes safely without fear of burns. Its robustness and durability make it ideal for intensive use, a true professional couldn't ask for anything better! Choose quality and work every day with complete peace of mind.
