

THREE PRONTED FORK STAINLESS STEEL cm.4.5x10.5x52.5

SOLUZIONI FOODSERVICE

Get cooking with the reliability of our three-pronged fork: perfect for everyday use thanks to the resistance guaranteed by the 3 mm thickness and the 42 cm long handle. Curved at the end, it is designed to be easily hung in your professional kitchen. Totally made of Aisi-304 stainless steel, it ensures robustness and durability, resisting intensive rhythms without deforming. A unique tool of its kind, designed to combine functionality and practicality, guaranteeing maximum safety in the preparation of your dishes. A true ally for the most demanding chefs.
