SOLUZIONI FOODSERVICE

Discover our mesh Chinois with stainless wire protection with a diameter of 20 cm, an indispensable tool for your kitchen. Made of stainless steel, it is strong and durable, with a dense mesh weave that ensures maximum efficiency in draining food. Its welding to the tool body is refined and long-lasting, attesting to its superiority in terms of quality. Suitable for different needs, it is perfect for both traditional and modern and fast cooking. The attention to detail and high quality make it a must-have for any self-respecting chef.
