

STAINLESS STEEL LADLE cm.8x36 cl.12

SOLUZIONI FOODSERVICE

This professional ladle in Aisi-304 stainless steel is ideal for those looking for sturdiness and durability over time. Resistant to intensive use, it is made in a single piece, ensuring maximum practicality and safety. Featuring a 27cm sheet steel handle, the total length of the tool is 36cm. The 12 cl capacity is engraved on the handle. The curved end of the handle allows for easy hanging, ensuring optimal order in your kitchen. Designed to meet both domestic and professional needs, it represents a perfect combination of functionality and aesthetics.
