SOLUZIONI FOODSERVICE

Make your dishes with precision and safety with our professional stainless steel ladle, the winning choice for your kitchen. With a total length of 36 cm and a capacity of 20 cl, its robust and resistant design is guaranteed by the one-piece construction in Aisi-304 stainless steel. The wider than normal thickness (3mm) of the sheet steel handle offers a secure grip and is non-deformable, suitable for intensive use and to last a long time. The ladle is not only practical, but also intelligent: the curved handle end allows it to be hung easily. Working in the kitchen becomes a real pleasure!
