

STAINLESS STEEL LADLE cm.14x55 cl.75

SOLUZIONI FOODSERVICE

Discover our professional ladle entirely made of Aisi-304 stainless steel. This sturdy and durable tool is made in a single piece which increases its resistance and longevity. The sheet steel handle, 3 mm thick and 40.5 cm long, ensures a safe and comfortable grip. Its total length is 55 cm and the volume that can be accommodated is 75 cl, intuitively marked on the handle. The curved end allows for convenient hanging of the instrument. Ideal for professional use, it easily satisfies any culinary need.
