# SOLUZIONI FOODSERVICE

This 32x25 cm stainless food mill is the ideal companion for any chef who loves cooking. Featuring a professional mechanism, it comes with two additional discs with holes of 1.5mm, 2.5mm and 4mm, expanding the range of foods it can process. The specialized external device optimizes the use of ingredients. Its three legs ensure stability, while its suitability for the dishwasher greatly simplifies cleaning operations. Made of durable stainless steel, it brings professional quality to your kitchen.
