SOLUZIONI FOODSERVICE

Immerse yourself in the experience of authentic, professional cooking with our extra-heavy Lyonnaise skillet, from the prestigious Mineral B Element line. Crafted entirely of iron, it features a unique beeswax coating that provides antioxidant protection and an effective barrier against food sticking. The design, with sloped edges and a functional double handle, makes it perfect for optimal cooking of a variety of foods. Its performance improves over time, a testament to its high quality and durability. Entirely made in France, it is an eco-friendly and recyclable item, symbolic of our commitment to a sustainable future. Features:

- 100% natural beeswax coating - Double handle for easy handling - High strength and durability
- Improves performance with continuous use - Eco-friendly and recyclable - Suitable for
