

FIXED POLYETHYLENE ROLLING PIN cm.40x5

SOLUZIONI FOODSERVICE

This valid fixed rolling pin, 40cm long and 5cm in diameter, is made entirely of polyethylene, a resistant and easily recyclable material. Ideal for precisely rolling out dough and mixtures of different thicknesses, it is a practical and functional solution for every chef. It can be cleaned easily, being dishwasher safe, which further simplifies its maintenance. We proudly reveal to you that it is a 100% Made in Italy product, which brings all the quality and passion of Italian cuisine to the table. An indispensable ally in the kitchen!
