SOLUZIONI FOODSERVICE

Description: Our 40cm basketless frying pan is ideal for your kitchen, especially if your electric fryer breaks down. Made of durable iron, with excellent heat diffusion, it's perfect for frying any type of food to perfection. The pan improves over time, ensuring increasingly efficient cooking and less sticking. Use is simple: heat a small amount of fat, cook at a high temperature on each side, and reduce the heat to finish cooking. Clean immediately with hot water and dry with a cloth or paper towel. Do not overheat on an induction hob.

Features: - Materials: iron - Suitable for food preparation - Not dishwasher safe - Made in France - Perfect for medium-high temperatures
