

MICROPLANE PROFESSIONAL DOUBLE BLADE MEDIUM GRATER
cm.31,2x7,5x3

Cuts without tearing food, enhancing aromas and flavors. The two-way grater is a must for every kitchen!

SOLUZIONI FOODSERVICE

Simple to use, brilliant in idea: we present our Microplane Professional Grater. Equipped with a double bidirectional blade, it allows you to grate in both directions, offering medium thickness strips perfect for vegetables such as courgettes and carrots. The particularity of the blade, similar to a wood rasp, guarantees a cut that does not tear or chop food, but preserves and intensifies its aroma and flavour. An authentic must in the kitchens of chefs and food lovers. Robustness and comfort are ensured by the surgical stainless steel blades, the ergonomic plastic handle and the non-slip rubber feet. Furthermore, it is dishwasher safe. An authentic piece of craftsmanship, entirely made in the USA.
