

MICROPLANE PROFESSIONAL GRATER FOR LARGE FLAKES cm.31,2x7,5x3

Sharp surgical blade, ergonomic handle and non-slip feet: ideal for grating hard cheeses and truffles without losing aroma and flavour!

SOLUZIONI FOODSERVICE

The professional Microplane grater is your perfect ally for all grating moments in the kitchen: hard cheeses, chocolate, truffles, do not resist its surgical stainless steel blade, designed to cut foods with precision and without tearing them, guaranteeing an aroma and an intense flavour. With its dimensions of 31.2x7.5x3 cm, the Microplane grater is designed for the hands of a real chef: the ergonomic plastic handle guarantees a firm grip, while the non-slip rubber feet ensure stability during use. Practical and hygienic, it can be easily cleaned in the dishwasher. Made in the USA, it is a must in any professional or home kitchen.
