SOLUZIONI FOODSERVICE

Your new ally in the kitchen. Discover the set of 9 festooned circular pastry cutters, your precious assistant for the preparation of desserts. Created in resilient polyamide, the pasta cutters are safe in contact with food and resist temperatures up to +160°, guaranteeing prolonged use over time. Plus, their varied design gives you a wide choice of sizes. The innovative material used makes the cutters recyclable: another important contribution to protecting the environment. A must-have for every chef!
