

**STAINLESS STEEL PISTON FUNNEL 3,3 lt. COMPLETE  
WITH SUPPORT**

# SOLUZIONI FOODSERVICE

This stainless steel pouring funnel is the irreplaceable help for every chef, thanks to its precise dosing function. Made of high quality stainless steel, it ensures durability and resistance in any situation. Its piston allows you to best preserve the consistency of mousses, full-bodied sauces, caramel, jelly and fruit coulis. Its deep cone facilitates natural mixing, without excessive pressure. Furthermore, it can also be used with hot preparations. Finally, to offer maximum practicality, it is completely dishwasher safe. Made in France, it offers excellent quality and reliability. The stand is not included.
