SOLUZIONI FOODSERVICE

Take your passion for cooking to a new level with this stainless steel ball whisk. A fundamental tool for every chef, thanks to its eight threads ending in dots, it makes every mix fast and precise, even in the narrowest and deepest containers. You particularly appreciate the convenience of the handle with hook, designed for practical storage and to facilitate cleaning. And speaking of cleaning, don't worry: this little gem is totally washable, by hand or in the dishwasher. The right tools make the difference in the kitchen, and this whisk is undoubtedly among them!
