SOLUZIONI FOODSERVICE

Perfect for any detail-loving chef, the 29cm Wall Scraper is an essential kitchen accessory. Designed to carry out the most complex tasks, it easily removes paint, rust and rubber thanks to the exclusive tungsten carbide blade, capable of tackling even the hardest materials, such as metal and concrete. The plus? The blade is reversible and has two cutting edges, each of which lasts 50 times longer than normal steel blades. Convenience and functionality in a single tool.
