# SOLUZIONI FOODSERVICE

Description: The Vulcania Terracotta Pot is made from premium, exclusively Italian clay. Its eco-friendly specifications ensure respect for the environment and the strictest food regulations. The enameled surface does not release unwanted substances into food, preserving flavors and odors. It allows for even heat distribution, ensuring perfect cooking and energy savings. The pot can be used on a direct flame, in a traditional oven, or in the microwave; it is dishwasher safe. Features: 1. Material: High-quality Italian terracotta. 2. Eco-friendly and compliant with strict food regulations. 3. Enamelled surfaces to preserve flavors. 4. Thermal properties: Even heat distribution. 5. Versatility: Can be used on a flame, in the oven, or in the microwave. 6. Easy care: Dishwasher safe.
