SOLUZIONI FOODSERVICE

CHARACTERISTICS:

- Lightweight and practical for service.
- Takes up little space when stacked.
- Excellent value for money.
- Wide and pleasant range of colors.
- Easily washable and sanitizable, thanks to the reduced degree of roughness.
- Characterized by a high level of impermeability: it does not retain impurities, grease and odours.
- Does not release any type of substance in contact with food, even at high temperatures, in accordance with the provisions of Regulation (EU) no. 10/2011.
- Excellent resistance to stains.
- Resistant to scratches and abrasions.
- Does not undergo alterations in contact with the main domestic acids.
- Perfectly planar.

The high quality of the raw materials used and the innovative production technologies make the Gold tray a product with a long life span.

Lower environmental impact than that deriving from the use of trays with a shorter life span.

WARNINGS:

- Dry well before stacking.
- Maximum washing temperature: +60°C.
- Maximum drying temperature: +90°C.
