SOLUZIONI FOODSERVICE

Description: Discover the Vulcania deep terracotta pan with double handle, measuring 18x5.8 cm and holding 0.8 liters. Made from high-quality Italian clay, it is eco-friendly and respectful of the environment. It ensures perfect contact with food even at high temperatures, without releasing unwanted substances. The design allows for even heat distribution, reducing time and energy consumption. Ideal for those seeking healthy and light cooking, it requires minimal fat and keeps your dishes warm for a long time. Versatile, it can be used directly on the stove, in the oven, and in the microwave, and is dishwasher safe. Features: - Dimensions: 18x5.8 cm - Capacity: 0.8 liters - Material: high-quality clay - Even heat distribution - Environmentally friendly and safe
