SOLUZIONI FOODSERVICE

Description: Discover the culinary experience offered by this Tall Terracotta Saucepan with 2 handles. Produced by Vulcania, it reflects the ecology and quality of Italian craftsmanship thanks to the high-quality clay used. Certified and compliant with the strictest legislation, it ensures the health of food by avoiding unwanted aromas and flavors. The material allows for gradual and even heating, ideal for cooking risottos, legumes, vegetable soups, and meat stews. It is safe in traditional ovens, microwaves, and dishwashers. The long heat retention is an added advantage for serving hot food directly from the pan. Minimal use of fat makes this pan perfect for healthy and light meals. Features: - Made of high-quality, eco-friendly Italian clay. - Certified and compliant with the
