SOLUZIONI FOODSERVICE

Designed for those who love the great culinary tradition, this 18cm diameter terracotta lid reflects the authenticity of high-quality, ecological, and natural Italian clay. An essential accessory for cooking delicate and healthy meals. - Made of purified and refined Italian clay, a natural raw material. - The material is completely food-safe, even at high temperatures, without releasing harmful substances. - It excels at keeping food warm, allowing you to bring it directly to the table. - Wide versatility: it can be used on the stove, in traditional ovens, and in the microwave. - Easy to clean: dishwasher-safe, it can be washed with a small amount of detergent and a non-abrasive sponge. - Thermal insulator: it heats very slowly, retaining the absorbed heat for longer.
