# SOLUZIONI FOODSERVICE

The Junior Combi 225 model is the removable combination of the Junior series which includes the motor, 225 mm mixer accessory and whisk accessory.

A robust stick blender with detachable 22.5cm mixer attachment featuring a two-blade chopping knife. Simple, robust and long-lasting, it is ideal for small and medium-sized catering for up to 50 seats. To work in cold immersion for sauces, smoothies and emulsions or with hot foods for soups, velvety and purees.

Compact but sturdy whisk for whipping eggs, creams, crepe batter and other liquid products. Double whips 185 mm long, removable for cleaning.

The removable version allows you to store it in a small space once cleaned and dried. Do not leave the accessories to soak or put them in the dishwasher.
