DESCRIPTION:

Small grater for preparing cheese, ideal for domestic use, but also suitable for semi-professional use. Beautiful, functional, practical and hard worker. Despite its small size it is able to process an exceptional quantity of product. In compliance with all current regulations, it is fitted with a motor with thermal protection, an interlock on the grater presser which intervenes after the safety threshold has been exceeded, a stainless steel grate to avoid reaching moving parts. A real little masterpiece of mechanics and design. Our Mignon Grater, already used successfully in the home, can also easily solve the requests of small communities, hotels, trattorias.
