SOLUZIONI FOODSERVICE

Give a touch of professionalism to your kitchen with our 10.5x7 cm melamine kitchen ladle. This indispensable tool features a sober and functional design: its hard surface ensures good friction, making it easy to pick up or mix ingredients. Melamine makes the ladle tasteless and non-toxic, ensuring that it does not affect the taste of your dishes. Despite its durability, remember not to use it in the microwave and avoid abrasive sponges when cleaning. Don't worry about household chores, it is completely dishwasher safe. Add efficiency and aesthetics to your kitchen with our melamine ladle!
