SOLUZIONI FOODSERVICE

Elevate your cooking experience with the Sessola Nylon Piana. It loves high temperatures up to 220°C and is not afraid of the dishwasher. Its 32.5 cm length makes it ideal for mixing even in the deepest pans, while the 0.5 L capacity makes serving easier. The composite material, fiberglass with nylon, guarantees sturdiness and easy handling. Are you a fan of non-stick pans? Don't worry, the Sessola Piana is ready for use without risk of scratches. Safe, efficient and creative, it is the ally that was missing in your professional kitchen.
