SOLUZIONI FOODSERVICE

- For effective and quick cleaning, quickly and effectively removes burnt food.
- One-piece handle and pad help protect your hands from burns
- Leaves less residue on cooking surfaces

This one-piece plate scrubber is easy to use and heat resistant.

The integrated handle is heat resistant up to 100° and helps protect your hands from burns, grease and dirt.

The structure resists clogging and rinses easily.

It does not cause unpleasant odors or residues and is dishwasher safe.

Dimensions cm. 10x15
