

CENTRIFUGA MANUALE DYNAMIC It.5

vedi prodotto online

SOLUZIONI FOODSERVICE

Our 5 liter Dynamic manual juicer is the perfect ally for bringing fresh and tasty salads to the table. Very fast and ultra efficient, it carefully preserves the integrity of the vegetables, while ensuring deep cleaning. Easy to disassemble, for cleaning simply remove the upper and internal basket and then wash them carefully with a mild soap. Just rinse with hot water to remove any soap residue, then leave them to dry. Note: Not suitable for dishwashers. Made of sturdy plastic and suitable for large quantities, it is produced in France and incorporates an antibacterial system, in line with HACCP standards. Featuring a perfect watertight seal to prevent water leaks and a stainless steel pin gear, it is the optimal choice for kitchen professionals.
