# SOLUZIONI FOODSERVICE

- Hooking system that allows the swab to be firmly fixed to the scrubber
- Effective and quick cleaning, quickly and effectively removes burnt food; optimal even in the corners
- The handle helps protect your hands from burns

This plate scrubber is easy to use and heat resistant.

The integrated handle is heat resistant up to 134° and helps protect your hands from burns, grease and dirt.

The structure resists clogging and rinses easily.

It does not cause unpleasant odors or residues and is dishwasher safe.

Dimensions cm. 23x10
