SOLUZIONI FOODSERVICE

Our 29 cm professional fork will quickly become your inseparable ally in the kitchen, thanks to its robust and resistant forged steel structure and its two square-section teeth, modeled with a sharp conical shape at the end. This tool is a real guarantee of precision and control, managing to capture even the most unattainable pieces of meat during cooking. With a 14cm long handle, it offers a comfortable and safe grip. And the best part is that it's on sale now! Don't miss the opportunity to equip your kitchen like that of a real chef.
