SOLUZIONI FOODSERVICE

Discover the practicality of the Gourmet Series Microplane Grater: your new ally in the kitchen for creating optimal julienne strips with vegetables such as courgettes, carrots, turnips, potatoes and apples. This grater features a super sharp blade, similar to a wood rasp, capable of cutting food without tearing it, enhancing the aroma and flavor. It does not require assembly or adjustment, it is ready to use! The ergonomic handle and non-slip foot guarantee maximum stability, making it a must-have for both professional chefs and cooking lovers. Easy to clean, just rinse it under running water, it is also dishwasher safe (cover excluded). Built in stainless steel, it has a cutting surface of 12.6x6 cm, to its dimensions of 31.5x7.5x3 cm we add
