SOLUZIONI FOODSERVICE

Collections created for the enhancement of "cocktail art" as well as the work of Barmen.

Goblets and tumblers, a collection of specific tools that combine functionality and aesthetics, a fundamental parameter to complete the creativity of the Barman Mixologist.

The common thread of the collections, developed in collaboration with Yuri Gelmini, Head Barman of the Surfer's Garden in Milan, is a vintage design that combines with cutting-edge materials (SON.hyx Superior Sonoro Glass and stems with Titanium Reinforced treatment) in versatile yet with specific uses.

GLASS USED SON.hyx® by LUIGI BORMIOLI:

it is a high-tech superior crystal glass without lead or other heavy metals which has high chemical, mechanical and optical performance.

The production processes used for SON.hyx® by LUIGI BORMIOLI allow not to create imperfections on the glass surfaces, reducing the level of fragility and therefore improving the mechanical resistance.
