

NON-STICK CAKE MOLD SQUARE cm. 22.5x22.5x5h

SOLUZIONI FOODSERVICE

Brownie mold in non-stick steel is resistant and versatile.

Bake virtually any type of brownie, bread or cake you desire and enjoy a tasty, crunchy exterior with a soft, moist interior with even heat distribution and cooking thanks to the solid steel construction.

The non-toxic, non-stick coating ensures your baked goods come out easily.

TECHNICAL FEATURES:

- Excellent heat transmission for even cooking
- The mold reaches high temperatures, allowing caramelization
- Non-toxic non-stick coating
- Size cm. 22.5x22.35x5

USE AND MAINTENANCE

- Grease lightly before use
- Maximum temperature 230°C for a maximum of 10 minutes
