SOLUZIONI FOODSERVICE

The PASO pedal bin made of carbon impresses with its high product quality and durability.

This waste container is particularly suitable for small to medium-sized rooms.

The real metal housing with a noble stainless steel look is insensitive to rust and dents and is suitable for use in wet rooms without hesitation.

Made of high quality plastic.

The bucket is light and sturdy at the same time.

Convenient operation is ensured by the practical step function.

The tight-fitting lid closes silently and offers reliable protection against escaping waste odours.

The sturdy rubber feet ensure secure footing without slipping, even on tiled floors.

With the help of a separate inner ring, used garbage bags remain invisible.

All PASO pedal bins are subject to environmentally friendly manufacturing processes.
