SOLUZIONI FOODSERVICE

Discover the pleasure of creating homemade tortellini with the Raviolamp 18 tortellini mould. This tool, made with an aluminum mold on an enamelled steel support, makes packaging perfect tortellini quick and easy. Thanks to the rubber feet, it adheres perfectly to any surface, ensuring stability during use. It adapts beautifully to pasta prepared with Imperia machines, allowing you to give free rein to your creativity with fillings of all kinds. The tool is equipped with a practical natural wooden rolling pin. Dimensions: 33.7x1.9x11.4 cm.
