Winterhalter A 15 MC

A dishwasher has only one purpose: cleanliness and hygiene. However, despite the careful implementation of the self-cleaning program and manual cleaning of the filters and sieves, very fine mineral deposits often remain which cause unpleasant odors.

This is why there are now the new A 15 MC cleaning tablets: they optimize cleaning and care of the machine and ensure pleasant, fresh air.

Advantages:

- removes the finest deposits of lime and other minerals
- effectively prevents unpleasant odors
- simple and practical dosage

Before use, you must remove the packaging film

Dosage recommendation:

- 1 tablet per self-cleaning cycle

'Do not use to clean dishes'

PACKAGING:

Supplied in a 200g box (25 x 8g tablets)
