SMEG EASYLINE PROFESSIONAL GLASSWASHER WITH AUTOMATIC SOFTENER

SOLUZIONI FOODSERVICE

CHARACTERISTICS:

- Dimensions mm. 460x600 H705
- Basket mm. 400x400
- Useful loading height mm. 300
- Switchable three-phase 380V / single-phase 230V power supply
- Power consumption 5.2 kW (380V) / 3.2 kW (230V).
- Equipment: 2 glass baskets, 1 cutlery basket.
- Double-walled AISI 304 stainless steel construction with insulation for effective energy saving and silence (50db).
- Molded tub, basket guides and inner door with rounded corners.
- Balanced door, insulated with gasket to limit steam leakage.
- Stainless steel impellers / Triple stage filtering system with integrated drain pump easily inspected by the user.
- Intuitive electronic interface with soft touch controls.

The professional dishwashers of the Easyline series are always equipped with a double-wall structure, with a drain pump and peristaltic dispensers for detergent and rinse aid already installed on the machine.

A practical and intuitive electronic front panel guarantees ease of use from the first moment and reduces staff training times.
