SOLUZIONI FOODSERVICE

CHARACTERISTICS:

Complete system for total demineralization

Capacity 5,000 liters with 10 kh°

- PURITY Clean Extra: where high quality is an imperative, shining glasses, brilliant crockery and stain-free and non-slip cutlery, without polishing.
- Prevents the formation of limescale on resistors and equipment failures, reducing repair and assistance costs.
- Simple installation and replacement.
- Suitable for use with hot water (up to 60 °C)
- Does not waste water or electricity.
