100% Italian production

Ideal for large kitchens, canteens, supermarkets, butchers and other public and gastronomic facilities but also in the private sector; excellent support surface for transportable machinery. Thanks to the careful workmanship and the stainless steel with which it is produced, the chest of drawers is extremely easy to clean and maintain.

The edge is folded downwards and riveted towards the inside of the top for safety and hygiene reasons.

Chest of drawers equipped with 4 high-performance swivel wheels in anti-corrosion material, excellent smoothness and silence, made with a polypropylene core and non-marking gray synthetic rubber tread, polyamide support structure and swiveling on double row of stainless steel balls, through-hole hub, 2 with brake, easily replaceable, fixing with stainless steel bolt on a threaded support welded to the frame, protected by 4 round bumpers in resistant plastic material, mounted directly above the wheels. They can be replaced by dismantling the wheels themselves.
