

**WHITE FLAT PLASTIC Scoop cm.26,5 Lt.0,25**

# SOLUZIONI FOODSERVICE

This pure white plastic scoop, measuring 26.5 cm in length, is perfect for your kitchen work. With a capacity of 0.25 litres, it is the ideal tool for transferring flours, grains or powders from one container to another with precision and without waste. Its flat shape and plastic material make it light and very practical for every culinary need.
