

HATCO CONVEYOR TOASTER MOD. TOAST-MAX MOD. TM-10H

vedi prodotto online

CODICE: TM10H

SOLUZIONI FOODSERVICE

The conveyor toaster is fast, reliable and versatile, toasting up to 350 bread products or buns per hour, depending on the type of bread.

Featuring long-lasting coil heating elements with metal sheath and permanently lubricated conveyor motor.

Durable stainless steel construction

Patented ColorGuard detection system ensures uniformity of the color of the toast

Energy saving mode with indicator light saves energy during off-peak periods

It allows you to toast bread products up to 76 mm thick

Using conveyor speed, not temperature, to determine color toasting, allows instant adjustment of toasting time

The machine ships with 25mm adjustable legs, feed ramp, removable crumb tray and a collection tray

TECHNICAL FEATURES:

- Dim. mm. 368x416x387H Add 203 mm in depth with use of rear tray
