SOLUZIONI FOODSERVICE

The dessert and cake cooling rack is the perfect accessory for any pastry chef or pastry lover. Made of chromed wire metal with five stable feet, this rack is designed to support cakes, pastries and pralines during the cooling or decorating process. With its solid construction and practical design, this grill will make preparing your desserts a pleasant and stress-free experience.

Main features:

- Grille made of strong and durable chromed metal.
- Equipped with five feet that guarantee stability and lift the grill from the work surface.
- Ideal for cooling cakes, desserts and pralines after cooking.
- Also perfect as a base for applying covers or decorations to desserts.
- Easy to clean and store after use.

Additional Details:

- Wire design that allows uniform air circulation for optimal cooling.
- Suitable for home or professional use.
- Versatile and multipurpose: It can also be used as a rack to cool biscuits, chocolates and more.
- Excellent gift idea for pastry and creative cooking enthusiasts.

CHARACTERISTICS:

- Dimensions: cm. 60x40
- Material: Stainless Steel
