

KAMADO CHARCOAL BARBECUE mod. BBPRO CMPACT

vedi prodotto online

Kamado BBPRO Compact charcoal barbecue

The compact Kamado barbecue is practical due to its small size and gives your favorite foods an unmistakable flavour.

Thanks to the material with which the barbecue is made, cordierite ceramic, a refractory material that resists high temperatures and temperature changes, it will be possible to use it even in winter.

You will be able to cook food at its best, thanks to the flow of hot air created inside your BBQ.

Furthermore, it is a very versatile product, suitable for grilling, roasting, smoking, cooking at low temperatures and also ideal for baking pizzas, bread and cakes.
