

STAINLESS STEEL POTATO DRAINER cm. 41x17

SOLUZIONI FOODSERVICE

Designed to ensure excellent functionality in the kitchen, ideal for professionals and cooking enthusiasts who want a high-quality product. Made entirely of chromed steel, it offers resistance and durability over time, ensuring maximum hygiene and ease of cleaning.

Main features:

- Dimensions: 41x17 cm
- Material: High quality chrome plated steel, corrosion and wear resistant.
- Handle: Equipped with a practical stainless steel handle, which ensures a secure and comfortable grip during use.
- Removable bottom: The bottom of the drainer is completely removable, making it easy to clean and remove excess salt from frying.
- Function: Specifically designed to recover excess salt from frying, avoiding waste and ensuring optimal food presentation.

This colander combines practicality and design, making it an essential accessory in any self-respecting kitchen. Perfect for those who want a functional and professional-looking product.
