SOLUZIONI FOODSERVICE

Ideal for keeping food fresh and well presented during events, catering and buffets. The set includes a round stainless steel tray, a plastic roll-top lid, two mini eutectic plates and a stainless steel plate holder tray underneath.

Technical specifications:

- Tray diameter: 38 cm
- Total height of the display case: 20 cm
- Tray Material: High quality stainless steel, corrosion resistant and easy to clean.
- Lid Material: Clear plastic, durable and lightweight, with roll-top opening for easy access to food without having to remove it completely.
- Refrigeration function: The display case is designed to keep food fresh for longer, thanks to its integrated refrigeration system.

Advantages:

- Elegant and professional aesthetics: The modern and transparent design allows you to display food in an attractive way, while keeping it fresh and protected.
- Ease of Use: Roll-top lid allows for quick and convenient access, ideal for high traffic environments.
- Hygienic and safe: The materials used comply with food safety standards, ensuring optimal hygiene and protection for food.

Applications: Perfect for use in hotels, restaurants, catering and any other environment where food needs to be displayed and kept fresh during service.
