

**BERTO'S MAXIMA 900 LINE 2-ZONE INDUCTION COOKER
ON OPEN BASE DIM. cm.40x90x90H**

Berto's Linea Maxima 900 2-Zone Induction Cooker on Open Base - mod. E9P2M/IND

SOLUZIONI FOODSERVICE

Dimensions:

- Width 40 cm
- Depth 90 cm
- Height 90 cm

Main features:

Construction material:

- Worktop and front panels made of AISI 304 stainless steel, ensuring durability and resistance to corrosion.
- Internal structure in stainless steel for greater hygiene and robustness.
- 6 mm thick glass ceramic top, resistant to high temperatures and easy to clean.

Induction technology:

- Optimal energy saving: The cooking zone heats up only when the pan is in contact with the surface, reducing energy consumption.
- Self-adjusting heating zone: The cooking zone automatically adapts to the diameter of the pan, improving efficiency and safety.
- Automatic shutdown: Cooking stops immediately when the pot is removed, ensuring safety and preventing energy waste.

Control and display:

- Digital indicator: Immediate display of the set power level, adjustable from 1 to 9.
- Power regulation control: Sturdy, high-precision knob for accurate cooking control.

Ideal for professional kitchens and restaurants that require high performance and functional design.

Designed to offer high energy efficiency and safety in everyday use.
