SOLUZIONI FOODSERVICE

Dimensions: cm. 57x6,7 H29,2

This high quality chafing dish is perfect for buffet service, especially suitable for hotels, breakfast rooms and any type of gastronomic event.

- Format: Designed to hold a GN 1/1 (Gastronorm) container, ideal for serving a wide range of hot dishes while maintaining a constant temperature throughout the service.
- Materials: Constructed from durable, easy-to-clean materials, the chafing dish is designed to withstand daily wear and tear and provide long-lasting durability.
- Design: Elegant and professional, this accessory is designed to be a fundamental component in any classy buffet, offering an impeccable and practical presentation.
- Versatility: Perfect for keeping a variety of dishes warm, such as scrambled eggs, bacon, sausages, side dishes or main courses during lunches and dinners. It is an essential tool for hospitality establishments that want to maintain the quality and hygiene of the food served.

The 1/1 chafing dish accessory is the ideal solution for those who want to offer a high-quality service in their buffet, ensuring dishes are always hot and ready to be served.
