This charcoal-colored GN 1/1 chafing dish base is designed to support containers and trays in buffet and catering settings, offering a modern and functional touch thanks to its sturdy powder-coated stainless steel construction.

Material and Structure:
- Powder Coated Stainless Steel: The charcoal finish gives a contemporary and refined look, while the powder coating ensures superior resistance to scratches, corrosion and daily wear and tear, making it ideal for frequent and intensive use.
- Sturdy Construction: The base is designed to accommodate GN 1/1 trays, ensuring stability and safety during buffet service, keeping food in perfect position for an optimal serving experience.

Features and Design:
- GN 1/1 Compatibility: Perfectly compatible with GN 1/1 containers, this base is essential to ensure a professional experience in buffets, especially for keeping hot or cold foods.
- Elegant and Modern Finish: The charcoal color adds a touch of elegance to the buffet, adapting to any environment and presentation style.

Versatility of Use:
- Ideal for breakfast rooms, buffets, catering or events, this base can be used for serving both hot and cold foods, offering great versatility of use.
- Suitable for intensive use, it is perfect for environments with high service and customer frequency, guaranteeing high performance even in the most demanding situations.

Strength and Durability: Designed to withstand frequent use, even in outdoor settings, thanks to the resistant finish and solidity of stainless steel.

Ease of Maintenance: The smooth and sturdy surface makes cleaning easy, allowing for quick and effective maintenance.

This charcoal-colored GN 1/1 chafing dish base is an essential accessory for those who want to combine functionality, aesthetics and resistance, perfect for high-quality buffets and intensive daily use.
